GLASS DESIGN SINCE 1978

THE MIRROR COLLECTION

Who we are and what we do

Established in 1978, Go Glass remains a family owned and run business. Today the company specialise in the design and manufacture of bespoke glass and mirror systems for customers. Led by brother and sisters team Clive, Tracy and Emma the team of 14 enjoy a reputation for excellent customer service and high quality products.

Shortlisted for "Glass Company of the Year" in 2017 Go Glass Design have featured at exhibitions in Europe including Glasstec, Hampton Court and Chelsea Flower Shows and their work can be seen at prestigious hotels, shops, restaurants and airports around the UK.

We come from a long line of artists and engineers having traced our family tree back to Sculptor Edward Hodges Baily (1788-1867) whose works include Lord Horatio Nelson in Trafalgar square and Eve at the Fountain at the V & A Museum. Our Great Grandfathers engineering and building business in Cambridge ran from 1926-2011.

We think it is this mix of inherited skills which have led us to create the company we have today, using the artistic design and engineering skills passed down coupled with the ethics and customer service instilled in us by our father and with the support of an incredibly talented and creative team we realise the versatility and ethereal beauty of glass and mirrors for our customers.

"You can harness natural light in any room by placing mirrors either at right angles or opposite a window. The bigger the mirror the brighter the space, mirrors can effectively double up your light sources"

Clive Sparkes, Go Glass Design Director

THE EDGELINE FRAMED MIRROR

A range of contemporary and on-trend mirrors framed with a slimline 10mm aluminium frame in black, brass, chrome or satin finish. Black crittall style also available.

REVOLUTION CIRCULAR MIRRORS
