# Technical Specification

1. White single colour strip

2. RGB Colour changing strip

3. 4 Zone Remote Control

4. 4 Zone Wall Controller

5. LED Driver with PSU

1

Single colour LED strip in warm and cool white. 4.8 Watts P/M - Voltage 24V  
IP Rating : IP67. LED Life 50,000 Hours

2

RGB-DW LED strip. 24 Watts P/M -  
Voltage 24V DC. IP Rating IP67.

3

4 Zone Remote Control. Frequency  
2.4 GHz. Control Distance 30m  
Size 138\*56\*38mm Voltage 3V  
(section 2 batteries)

4

4 Zone Wall Controller. Transmission  
Frequency 2400-2483.5MHz.  
Control Distance 30m Voltage  
3V(2\*AAA Battery) Size 86\*86mm

5

100W 5 in 1 LED controller and  
power supply unit.  
Output voltage DC24V. Output  
power (Max) 100W. Output Current  
(Max) 4.5A. Remote Control  
Distance 30m.

NOTE : THE USE OF A QUALIFIED  
ELECTRICIAN IS RECOMMENDED  
FOR ALL INSTALLATIONS.
